

Endocrine-Related Cancer

(<http://erc.endocrinology-journals.org>; ISSN (print) 1351-0088; ISSN (online) 1479-6821) is published by Bioscientifica Ltd, Euro House, 22 Apex Court, Woodlands, Bradley Stoke, Bristol BS32 4JT, UK; Email: erc@bioscientifica.com. Registered in England No. 3190519.

Frequency of publication

Articles in *Endocrine-Related Cancer* are published continuously online. Thereafter the articles are compiled into monthly online/print issues. There is one volume per year and twelve issues per volume.

Abstracting and Indexing

Indexed/abstracted in: Chemical Abstracts, Current Contents/Clinical Medicine, EMBASE/Excerpta Medica, Index Medicus/MEDLINE, Science Citation Index, Science Citation Index Expanded, Scopus.

Editorial address and submissions

The journal accepts online submissions only. Guidelines for this can be found via <http://erc.endocrinology-journals.org>. Editorial correspondence should be addressed to Editor-in-Chief, *Endocrine-Related Cancer*, Tel: +44 1454 642220; Fax: +44 1454 642201; Email: erc@bioscientifica.com. Instructions to authors appear online.

Subscription rates 2017

Institutions	£1554/€2254/\$2708 (print and online)
(not for profit)	£1243/€1804/\$2166 (online only) plus VAT where applicable

Corporate	£2020/€2931/\$3520 (print and online)
	£1616/€2345/\$2816 (online only) plus VAT where applicable

All orders, accompanied by payment, should be sent direct to their agent for distribution, *Endocrine-Related Cancer*, Turpin Distribution, Pegasus Drive, Stratton Business Park, Biggleswade, SG18 8TQ, UK (Tel: +44(0)1767 604951; Fax: +44(0)1767 601640; Email: bioscientifica@turpin-distribution.com)

Claims and communication

All communications or claims regarding issues lost or damaged in transit should be addressed to the distributor (see above for address). No claims can be entertained if they are later than 3 months after the date of despatch.

Advertisements

Advertising enquiries should be sent to: advertising@endocrinology.org. Copy is required 6 weeks before publication date. Rates are available online.

Disclaimer

The papers contained in each issue of the journal have been prepared and written by named authors. Accordingly, neither the Society for Endocrinology nor their officers, employees or agents are responsible for the accuracy or otherwise of any papers and shall have no liability for any claims, damages or losses however arising from the contents of any papers or any use to which they may be put by any person.

The image depicts double immunofluorescence localisation of full-length androgen receptor (AR, red) and an AR variant (ARv7, green) in a tissue section derived from an estrogen receptor-negative, progesterone receptor-negative, HER2-positive infiltrating breast carcinoma from a postmenopausal woman. Most cells express detectable levels of ARv7 along with full-length AR.
